Dear Parents/Carers

Re: Year 11 Mock Examinations

As communicated earlier in the week, it is of the utmost importance that your son/daughter attends school for their mock examinations next week.

These results will count towards the students' TAG grades in the event that the examination season is once again disrupted due to Covid-19. Therefore, our rigour of these assessments has to be upheld in line with Ofqual regulations. This means that next week's scheduled exams will be the only opportunity that students will have to take them.

If there is a genuine, certified medical reason as to why your child cannot attend their exams, we would need to be in receipt of this evidence which will allow us to use in-school assessment data to provide the most accurate grade possible for this set of assessments.

Please can we ask for your support to ensure the best possible opportunities for your child.

Thank you.

Dr R Speller
Headteacher
