

## **History Scheme of Learning Addenda 2025-2026 (MEL)**

### KS4

#### *Year 11 Scheme of Work:*

The Scheme of Learning outlines the progress expected for Blocks A & B in the GCSE Cohort. Expected progress will be different for Block C, who have four lessons per fortnight rather than five. To remedy this, some lessons will be abridged at the discretion of the class teacher to ensure curriculum coherency with the rest of the cohort.

#### *Year 11 Scheme of Work:*

Aspects of Year 10 Term 6 will be completed in Term 1 (specifically sub-unit 1.3 of the Cold War & Superpower Relations Unit) before moving to Medicine Through Time revision.

### KS5

#### *Year 12 Schemes of Work*

*Due to staffing constraints (primarily one teacher), it has been decided to teach the units one by one, rather than concurrently. Therefore rather than Italy and Germany being taught at the same time, Italy will be taught first, followed by Germany. Term 6 will still be the start of the Empire Unit.*
